LIFE ACCIDENT HEALTH GROUP SALARY SAVINGS

Why Americans Have Seventy-two Billion Dollars of Insurance

Americans favor insurance as a plan of protection and saving because it is proof against the destructive forces that break down other plans.

Individual needs vary. So do insurance contracts. Booklet, "How to Buy Life Insurance" guides to intelligent selection.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house office or store at that number was vacant when canvass was made.

* Denotes parties having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right odd)" after street description indicates odd numbers on right side of street.
